Dear Ms. Romig:

This is a follow up to our original letter dated June 2, 2003 concerning Sprint PCS's request for Local Number Portability. We have completed our initial review for your request for Local Number Portability ("LNP"). It is our understanding that the FCC order referenced in your request, FCC CC Docket 95-116 and the November 24, 2003 implementation for LNP, applies to CMRS carriers.

Your request for LNP implementation appears to have been issued in error. Therefore, we do not anticipate implementing LNP capabilities in our service territory at this time.

If you have any questions, please contact me at (618) 939-9269.

Sincerely,

Shawn Dinkelman

Dear Mr. Gentsch,

In July, 2002, the FCC mandated that all carriers in the top one hundred (100) Metropolitan Statistical Areas (or MSAs) implement Wireless Local Number Portability (WLNP) by November 24, 2003. Pursuant to this FCC mandate, Sprint PCS (SPCS) has identified you as a potential Trading Partner. As such, SPCS would like to exchange the necessary information to allow porting to be tested and placed into production between us on November 24, 2003. In addition, SPCS is willing to negotiate an Operating Agreement with you as a means of finalizing a mutually acceptable porting arrangement on a separate schedule and through a different mechanism.

The enclosure contains SPCS's contact and connectivity information needed to initiate porting. SPCS requests that you provide your contact and connectivity information and return same within ten (10) business days. Please return to *Peter Jacklin* or *Hal Weintrub*, via FAX (as detailed below). If you prefer email correspondence, please contact either individual for a "soft copy" of the file.

The individuals responsible for exchanging Trading Partner porting information and who will be contacting you in the near future are:

**Peter Jacklin**  
Phone: (913) 307-7356  
FAX: (913) 307-7447
